

Thinking about going to graduate, business or law school?

Follow these steps to **GRE**[®] test registration success ...

STEP

1

Get the facts

about the test and what to expect.

Tip: Make it more fun and review the *GRE*[®] *Information Bulletin* with a friend!

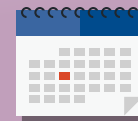

2

Decide where you might like to apply and

check admissions deadlines.

Tip: You can use GRE test scores to apply to thousands of master's, MBA, specialized master's in business, JD and doctoral programs.

5

Create your **ETS Account.**

Tip: You need an account to register! After test day, you can use your account to check your scores.

6

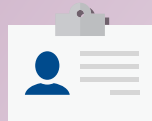

**Hooray!
Go register
and do your
best!**

If you do your best on test day, you can send your scores right away. But, with the **ScoreSelect**[®] option, you can take the test again and send only your best scores.

4

Check ID requirements needed on test day.

Tip: The name you use when registering must exactly match the name on the ID required (excluding accents) on test day.

3

Preview available **testing dates and options — at a center or at home.**

Tip: Start with your earliest school application deadline to determine your own testing and score reporting timeline.

*It's all on the official GRE website at **ets.org/gre.***
